PRICE FIVE CENTS

NEITHER PARSONS NOR MATTHEWMAN MAY BE RETAINED

Cablegram From Washington Says Senator Overman Has Conferred With Attorney-General Gregory Upon Democratic Successors for Jurists on Bench of Hawaii

SEVERAL ATTORNEYS IN LINE FOR APPOINTMENT

Harry Irwin of Hilo, J. Wesley Thompson and Clem Quinn are Among Bourbons Mentioned as Possible Choices of Department of Justice

[Special Star-Bulletin Cable]
WASHINGTON, D. C., Sept. 24.—Senator Lee S. Overman of North Carolina, member of the judiciary committee of the upper house, this afternoon had a conference with Attorney-general Gregory upon the remaining appointments to the Hawaiian bench. They considered a number of names. An announcement is expected soon that Judges Matthewman and Parsons will be relieved and that their successors will be Democrats.

C. S. ALBERT.

The news that Judge John A. Matthewman of the third circuit, island of Hawaii, and Judge Charles F. Parsons of the fourth circuit, Hawaii, would be relieved is a general surprise, inasmuch as several weeks ago the rumor was afloat that both would be reappointed by the president upon recommendation of the attorney-general. At that time the president had just reappointed Chief Justice Robinson and Circuit Judge Whitney, both Republicans, having been unable to find men in the Democratic ranks who could replace them.

Several Democratic attorneys have been mentioned for the Hawaii judgeships. Harry Irwin of Hilo is said to be still willing to take one of the places. Attorney Clem Quinn of Honolulu, who at one time was declared a strong possibility for the Maui judgeship in case Judge Edgington should come to Honolulu and take over Judge Whitney's duties, is said in court circles to be still available. J. Wesley Thompson, who on October 1 will come to be assistant U. S. district attorney, is a Democrat who would probably accept a Hawaii bench appointment.

DUKE DECIDES NOT TO SWIM AT 'Y' SATURDAY

Word was received this afternoon that Duke Kahanamoku, who was entered in the race events at the Y. M. C. A., will not compete in any of them. His entry blank was received by the association and it was supposed that he would take part in the swimming events for the Hui Nalu Club. Duke stated this morning that he had been stung, and did not feel justified in jumping into a race without preliminary training, as there were many fast men entered in the different events.

The absence of Duke from the competition will make the races all the more interesting from a certain standpoint, as the winner will not be picked by the swimming fans until the race is over. Where they expected to try for second place before, the other swimmers will now endeavor to land in first position and have the honor of creating the island record for the tank. Cumbs, Lane and Kruger, with many other well known swimmers, will enter the events. Duke may decide to give an exhibition in the pool the evening of the meet, showing the different strokes and forms in tank swimming. The Y. M. C. A. officials state that they regret that Duke will be unable to compete.

HARVARD MEN DINE TONIGHT.

Harvard men will dine at the University Club at 7 o'clock tonight and announcement was made today by the committee in charge that all Harvard men in the city are asked to attend, whether or not they have been identified with the local organization. Any Harvard men here are cordially invited to come to the University Club at 7.

KANSAS CITY AND DENVER DEMAND HAWAIIAN PINES

Cabled Order Received Yesterday to Ship Fruit East of Rocky Mountains

OPENS NEW TERRITORY TO MARKET DIVISION

Buyers Have Paid Down \$1 Per Crate in Addition to Freight Charges

Wireless messages received in Honolulu yesterday from the San Francisco office of the territorial marketing division indicate that there is developing in the west and middle west a market for Hawaiian-grown fresh pineapples.

Two carloads of big, juicy Hawaiian pineapples, grown on Oahu which will be shipped to the mainland in the steamer Lurline next Tuesday, are destined to "tick the palates" of the residents of Denver, Colorado, and of Kansas City, Missouri.

Through W. A. Anderson, head of the territorial marketing division's branch office in San Francisco, dealers in Denver and Kansas City have each ordered a carload of the fresh fruit. Messages telling of the receipt of the orders, and containing a request to land at least 800 crates of fresh pine on the coast as soon as possible, were received yesterday by A. T. Longley, superintendent of the division.

The pineapples will be sold on consignment. The messages contain the information that the dealers in Denver and in Kansas City have advanced to the San Francisco office one dollar a crate, above freight, as a guarantee of good faith. According to Superintendent Longley, a crate of fresh pine is worth \$1.75 in San Francisco.

"I consider that this price would be a fair one on the carload consignments," he said today.

As there are about 200 crates of fresh pine to a carload, the order for two carloads means that 600 crates of the fruit will go west. Mr. Anderson has also asked that his office be forwarded an additional 200 crates, for which it is believed he has secured orders.

This certainly shows that a market for Hawaiian pine is slowly but surely developing in the west and center.

PASTOR COMING FROM PETALUMA TO CHURCH HERE

Rev. Leon L. Looftbourow Will Head First Methodist Church, Says Cable from Bishop

Dr. William Henry Fry, superintendent of the Methodist Episcopal Mission, is in receipt of a cablegram from Bishop Edwin H. Hughes of San Francisco, announcing the appointment to the pastorate of the First Methodist church of this city of Rev. Leon L. Looftbourow of Petaluma, California.

Mr. Looftbourow was graduated from Boston University in 1902, and was appointed to the pastorate of the Eighth Avenue Methodist church in Oakland, Cal. In 1911 he was appointed to the pastorate of the College Avenue church in San Jose. In 1913 he was appointed to the pastorate of the church at Petaluma, Cal., from which place he comes to take charge of the First Methodist church of Honolulu.

Judged from the rating in the Year Book the new pastor stands high, and the cablegram states that he is an excellent man. The appointment was made on Monday of this week, so that Rev. Mr. Looftbourow is expected to reach Honolulu early in October.

HONOLULU PARTY TO CORONATION REACHES JAPAN

(Special Cable to Hawaii Ship)
TOKIO, Japan, Sept. 24.—Eighty prominent Japanese businessmen arrived in Japan today on the Spinyo Maru from Honolulu. They came to witness the coronation of the Japanese Emperor, which will be held in Kyoto on November 10. The party will rest today and tomorrow will begin their sight-seeing in different parts of Japan. After viewing the points of interest around Tokyo they will go to Nikko, the famous mountain resort, returning in time to see the coronation ceremonies at Kyoto.

SON OF HONOLULU MAN IS HELD AS PRISONER OF WAR

Alfred Hendrickson, Born in Hawaii, Interned in England; Washington Cables Inquiry

GOVERNOR IS ASKED TO WIRE PARTICULARS

Son of Johann Hendrickson, 629 Beretania Street, Left Here Seven Years Ago

LUCIUS E. PINKHAM,
Governor of Hawaii,
Honolulu, H. T.,
WASHINGTON, D. C., Sept. 23.—Alfred Hendrickson, who is interned in a German camp in England, claims that he is an American citizen. He says he was born in Honolulu in 1893, and that his father is also an American citizen. The father resides at 631 Farris Lane, Beretania street, Honolulu. Please cable to us the date of Hendrickson's birth, the period of his residence in Hawaii, and the date and place of his father's naturalization papers.

FRANCIS POLK,
Acting Secretary of State.

Interned in a concentration camp in England with several thousand German citizens, Alfred Hendrickson, an American citizen and a native of Honolulu, son of Johann Hendrickson of 629 Beretania street, is being held during war time at first hand.

The foregoing cable message from the state department at Washington, received late yesterday by Governor Pinkham, placed young Hendrickson's plight before the authorities in the capital in a definite manner.

Immediately upon receipt of the message, the governor put his secretary to work on the case, looking into Hendrickson's history and the history of his parents. An answer to the cable will probably be sent today.

This morning the old father, who is a native of Norway, was summoned to the office of Secretary Thayer, where he gave out all the information possible to help in tracing his son.

When told by the authorities that there was every reason to believe

LUMBER CARGO ON REFUGEE SHIP IS TO BE SOLD SOON

Secretary of Commerce Releases 3,460,000 Shipment Here in Hold of Setos

Who wants to buy 3,000,000 feet of lumber, perfectly seasoned by lying in the hold of the refugee German steamer Setos here since August 7 of last year?

Permission has just been granted the owners of the lumber, and the ship's agents, to unload the steamer's cargo here as the result of negotiations which first began more than a year ago, and have just been concluded. Deputy Collector of Customs Raymer Sharp made the news public today.

This means that the cargo, worth close to \$75,000, will be sold to Honolulu lumber men, provided purchasers can be found for the big shipment, consisting of rough lumber, mainly beams 12 by 12 or larger. None of the lumber is sawed into boards. It is mainly Oregon pine.

More than a year ago the Setos fled into this port to avoid capture by Allied warships. She was one of the first of the German refugee steamers to seek safety here. Her cargo, which consists of 3,460,000 feet of northwest lumber, was loaded at Tacoma for Melbourne, Australia.

Coming into this port soon after the European war broke out brought the Setos automatically within the jurisdiction, which took up with the collector of customs the matter of making a constructive seizure of the cargo, pending settlement of the case.

A few days ago Acting Collector of Customs Raymer Sharp received a cable from Acting Secretary of Commerce E. E. Pratt stating that the request of the firm owning the ship's lumber cargo, that the penalty for seeking refuge here, forfeiture of cargo, be remitted, is granted, owing to mitigating circumstances and the fact that the cargo is beginning to deteriorate through its long confinement in the ship's hold.

A. W. Standen, representing the cargo owners, has been here since July 1, negotiating for the cargo's release and sale of the lumber. H. Hackfeld & Company are agents for the Setos, which is tied up near the railroad wharf. It is said that Standen has been offered \$55,000 for the cargo by local lumber firms.

BULGARIA AND GREECE NEAR OPEN BATTLE

RUSSIANS SWEEP BACK DEEPER IN DEFENSIVE LINES

Germans Continue Taking Prisoners, Including Officers; Clear Weather on Western Front Encourages Gunners and Aviators to New Activity

The following cablegram from official German sources was received today:

"German Army Headquarters, report of September 23:

"Southwest of Lennswaden fighting has not yet terminated. One hundred and fifty Russians have been taken prisoner. West of Duesenburg the Germans succeeded in entering the Russian front positions, capturing 17 officers and 2100 men. Russian counter attacks against the liners were beaten back by the Germans. Southwest of Duesenburg the Germans repulsed the Russian attacks and the Slav resistance on a line from north of Oumyria and east of Subotniki on the Gavia was broken. The Germans following the retreating enemy and taking prisoner over 1000 Russians. There is still fighting on the right wing.

"North of Nowogrodsk Prince Leopold's Bavarian army have taken the Russian position west of Malowka and captured three officers and 300 men. Gen. von Mackensen's army is still fighting northwest of Logizna.

"In the western war arena the whole front has experienced clear weather, increasing the activity of both artill-

"Czar" Ferdinand of Bulgaria, whose army is being mobilized and who has yet been able to baffle both Teuton and Allied diplomats who have been trying to find out where he will give his support.

Ierymen and aviators. A charge apparently intended against the German cemetery position at Souchez did not develop, on account of the German return fire. Some enemy aeroplanes were destroyed by German fire near St. Menchoud and Pont-a-Mousson. One was forced to land southeast of Vouziers and the aviators and observers were imprisoned.

KAMEHAMEHA MEN WILL HAVE GUARD COMPANY

Col. Johnson Announces Important Feature in National Guard Expansion

New Company K meets tonight, 7 o'clock, National Guard Armory.

Kamehameha graduates and students head a movement which reached definite form this morning with the announcement of Col. Samuel I. Johnson, adjutant-general of the National Guard, that a new company will shortly be organized composed entirely of "Kam" men. It starts out with the brightest of prospects and will probably be recruited to full strength in a week or less.

The new company appropriately is to be Company K, and none but Kamehameha alumni or students will be enlisted. There is a Company K now in existence but it will be completely changed. It has a general membership now.

Simultaneously with the announcement of the Company K plans, Col. Johnson gave notice that there will be a meeting at 7 o'clock tonight at the National Guard armory of all Kamehameha men interested in the plan. There are now, it is estimated, about 40 members of the guard in various companies, and the plan will be to withdraw these from their organizations and concentrate them in the new Company K. The old Company K has some 14 Kam men in it now.

Harold Godfrey, one of the leading active graduates of Kamehameha, is heading the organization of the new company. He is now with Company A but eventually will join his comrades in K. This morning Col. Johnson visited the Kamehameha schools and conferred with Principal Bostwick of the boys' school, and Lieut. Booth, U. S. A., the military instructor. Mr. Bostwick is enthusiastic over the proposal. He was formerly an officer of the national guard of New Jersey, and it is expected that he will be commissioned a first lieutenant. Lieut. Booth likewise indorses the plan. Col. Johnson announces, and will aid it all he can.

There are three or four hundred Kamehameha graduates and ex-students on Oahu available for membership in the company, said Godfrey this morning.

Another important development in National Guard circles is the formation of a machine gun company which is proceeding under the enthusiastic and vigorous work of Lawrence M. Judd and A. L. C. Atkinson. Mr. Atkinson's name heads a list of signatures now being circulated.

"We will have four guns soon, and there will be sixteen men to a gun," Mr. Judd said today. "The idea of a machine-gun company is taking hold and we will have a crack membership."

Charged with having opium in possession, Ah Won, a 65-year-old Chinese residing at Pukoo, Molokai, was sentenced in federal court today to serve one week in Oahu prison, the costs being remitted.

TABLE FOR EACH STATE OR NATION AT FLAG DINNER

Procession Will Precede Presentation of Banners to Queen Tomorrow Afternoon

Everything is now ready for the Flag Day procession at the Capitol grounds tomorrow afternoon at 2 o'clock, when Queen Liliuokalani will receive the banners presented to the Pan-Pacific Club from every Pacific country, state and colony.

R. K. Bonine will be present with his motion picture machine to record the events of the day, and each country of the Pacific will have its sons and daughters in costume in the parade that will accompany those who present the flags.

The Hawaiian band will play the national air of each country as the flag is presented, while the Philippines and perhaps some of the others will have bands of their own for their particular procession. The Boy Scouts will keep guard and assist generally.

There will be no formal speeches in the afternoon when the flags are presented to the Pan-Pacific Club through Queen Liliuokalani. She will merely receive them and pass them on to Prince Kuhio, who will in turn pass them to Mayor Lane, who will present them to the Pan-Pacific Club at its dinner at 6 o'clock in the big games hall of the Y. M. C. A., and here the regular presentation speeches will be made.

The 400 persons who have secured tickets for the dinner will meet in the cafeteria of the Y. M. C. A. at 5:45, the cafeteria and billiard room being cleared for the reception, and at 6 o'clock the ascent will be made to the games hall where about 20 beautifully decorated tables, each representing a state, country or colony of the Pacific will be in readiness. Each flag will be formally presented with a five-minute speech from the chairman of the table over which it flies.

The public is invited to witness the flag ceremonies tomorrow afternoon on the Palace grounds, and these will begin promptly at 2 o'clock when Grand Marshal Harry S. Hayward will start the procession from the old National Guard bungalow on the mauka side of the Capitol building.

Lum Chun, Chinese, indicted by the federal grand jury on a charge of violating the federal statute which relates to having narcotics in possession, has been released on bond in the sum of \$250. The case has been continued in federal court until called up.

IMPORTANT.

All delegates going to the civic convention on Oahu are asked to meet on the sixth floor of the Young Hotel, where the Ad Club luncheon are usually held, at 8 o'clock tonight. Pinal rehearsal of the Zobo band. Practise of convention yells and songs.
COMMITTEE.

BOTH MOBILIZING ARMIES IN HASTE; AWFUL MASSACRES OF ARMENIANS THREATEN PEOPLE

Annihilation of Whole Race Probable at Hands of Turks—Capt. von Popen, German Military Attache, Found Incognito in San Francisco With Embassy Counselor—Germans Roll Up Huge Subscription to New War Loan—Greeks Mobilize

[Associated Press Service by Federal Wireless]

PARIS, France, Sept. 24.—An official decree of mobilization for the Greek army, calling all men to arms and ordering concentration, has been issued at Athens as a result of the conference of the king, the war staff and the cabinet over the Bulgarian situation. The Greek parliament will probably be summoned tomorrow, according to correspondents, who explain in their despatches that the Bulgarians having taken certain war measures, the answer of the Greeks in mobilizing is equivalent to preparation for war.

Turks in Frightful Massacres Wiping Out Whole Armenian Race

[Associated Press Service by Federal Wireless]

NEW YORK, N. Y., Sept. 24.—Massacre and atrocities on a scale never before approached in modern times are charged against the Turks in their treatment of the Armenians in the past few months. A description of wholesale slaughter of the Armenians by the Turks has been received by the Paris representative of the Armenian church, who says that 450,000 of the unhappy people have been killed and 600,000 forced into cruel exile. The atrocities are so terrible that the annihilation of the whole people is approaching. Hundreds of thousands were driven en masse from their country, forced for months to travel afoot, without shelter in all kinds of weather, and without employment or means of supporting themselves. They died inevitably of disease, exposure and starvation.

The alternative for their death or exile was to embrace Mohammedanism, which they refused to do. Many villages were pillaged ruthlessly by the Turks and the inhabitants put to the sword.

Capt. von Popen Found Incognito in San Francisco With von Hatzfeldt

[Associated Press Service by Federal Wireless]

SAN FRANCISCO, Cal., Sept. 24.—Capt. Franz von Popen, the German military attache who was implicated with Dr. Dumba, Austrian ambassador, in alleged plots to hamper American munition factories and foment strikes, and who is declared to be the author of a note which refers to "those idiotic Yankees," was discovered here today incognito. He was with Prince von Hatzfeldt Trachenberg, counselor of the German embassy at Washington. They absolutely refused to discuss their purpose in coming here in secret.

Bulgarian Ports on Black Sea Fortified; Russ Invasion Feared

ATHENS, Greece, Sept. 24.—Huge numbers of men are working feverishly to fortify all the Bulgarian ports on the Black Sea and along the northern border. The valuables and reserves in the banks of Burgas and Varna have been removed to Sofia in anticipation that Russia will attempt an invasion through Varna.

Huge Subscription to German Loan

LONDON, England, Sept. 24.—It is learned that the total subscriptions to the new German loan have reached the sum of three billion 750 million dollars.

[The first German loan after the outbreak of war was about \$1,000,000,000. The second was about \$2,200,000,000. No definite limit is set on the loans at the time they are announced but the new one mentioned above has been subscribed to with unexpected rapidity.]

British Steamer Sunk, Some Lost

LONDON, England, Sept. 24.—The British steamer Chancellor has been sunk by a submarine. Part of the crew were saved.

[Additional Telegraph Despatches on Page 7]

U. S. TROOPER KILLED AT PROGRESO AS BAND OF OUTLAWS ATTACKED

[Associated Press by Federal Wireless]
BROWNSVILLE, Tex., Sept. 24.—Mexican outlaws today attacked a detachment of U. S. troops at Progreso, 40 miles west of here, killing a private of the 12th cavalry.

By the use of improved ovens which collected the byproducts, the coke industry of the United States saved \$16,070,000 last year, which would have been wasted by old methods of manufacture.

SEVERE EARTHQUAKES IN ITALY; MUCH TERROR BUT DAMAGE DONE IS LITTLE

[Associated Press by Federal Wireless]
MESSINA, Italy, Sept. 24.—Severe earthquake shocks are being felt here, in Rome, Avezzano and Aulio. Much terror was caused, but small damage resulted.

Budapest, Hungary, has a new regulation which stipulates that general shops be closed from 3 o'clock in the evening till 8 o'clock in the morning, and provision shops from 3:30 p. m. to 5 in the morning.
